

Streamlined wholesale medical supplies

What is btttn?

The Wholesale Medical Supply Platform

- We offer everything healthcare providers need in one platform, creating a convenient, comprehensive user experience.
- We align inventory based on your needs
- We give access to GPO and custom-tiered pricing
- We partner with the world's best distributors and manufacturers to offer the world's largest catalog for medical supplies, pharmaceuticals, and equipment.

Full-Service Distribution Made Simple

It's never been easier to streamline your supply ordering

- **Create an Account** – Provide physician details, regulatory docs, and delivery info.
- **Connect with your Account Rep** – Get tailored support and align on your practice's needs.
- **Provide us with your past usage** – Give current usage data; benefit from our free cost comparison, product match, and GPO tier pricing.
- **We Generate a Custom Shopping List for your facilities** – Your products get uploaded online, inventory aligned to your usage, and you enjoy tailored wholesale/GPO pricing.
- **Place your first order** – Order using custom prices from our vast 200k+ SKU catalog.
- **Improve health outcomes** – Less time on orders, more time for care.

How does btttn help?

At btttn, our innovative wholesale medical supply platform is transforming how medical supplies are procured, offering a comprehensive solution with multiple advantages:

- **One-Stop Shop** – Comprehensive online catalog for all healthcare needs: medical supplies, pharma, labs, and equipment.
- **Enhanced Experience** – Built from healthcare feedback; offering price transparency and commitment against product swapping.
- **Account Management**–24/7 support through your dedicated account rep.
- **Custom Pricing Catalogs**– Tailored best-tiered pricing based on your practice.
- **Cost & Time Efficiency** – Competitive rates, swift shipping, and rapid credit checks for prompt, cost-effective supplies.

Case Study

Background:

Introducing our customer: A multispecialty ASC/OBL with 10+ locations and plans for 15 more in 2 years. Facing logistical challenges with an average spend of \$1M on medical supplies per location.

Streamline distribution with btttn:

- Identified 22% savings across 2,000 top-name brands and supplies.
- Streamlined purchasing with centralized, transparent billing.
- Resulted in a transformed supply chain and a highly satisfied customer.
